

Standard Issue Data Mining Views

» **Archive Achievement Schedule**

Used to return the archived class schedule by school year, term, semester, day of cycle and period.

» **Choices Summary**

Pulls the data required for Choice selection, containing the following: School, Course Code, Course Title, Grade, Credit Value, type of course i.e. University, college, Academic, Applied etc, number of students choosing the course, and any other fields you deem necessary.

» **Grade 10 Literacy Ontario**

IMPORTANT NOTE: Inclusion of courses from transcript for grade 9/10 English (ENG), grade 9 Geography (GCG), and grade 9 Science (SNC) are based on course code and not category.

» **Classes Days Taught**

This contains the a total number of days for each class based on the on the schedules.

» **Courses**

A view for Current and scheduling courses. This view contains: School Short Name, Courses Code, Required for Transcripts - yes or no, Title, Title Same as Code - yes or no, Language - Eng or Fre, Weight, Exclude from OnSIS - yes or no, Show in Online Choices - yes or no, Department, then Code Detail info, Grade, Credit Value, Categories, SHSM Categories, SHSM Program Association, Course Type, Dual credits course type, Delivery.

» **Homeroms Occupancy**

Occupancy by Grade - if the homeroom is a split homeroom i.e. grade 1 and 2 split, include the occupancy total for each grade in the homeroom. TY and NY and TY only students in the occupancy total. Fields returned: School, Homeroom Designation, Homeroom number, Occupany by Grade, Homeroom Teacher.

» **Period Attendance Code Totals**

We would like to have an Attendance View created but not sure what fields would be necessary to create it and whether or not we are looking at a Pivot Table to view the final outcome. What we would like is to see is a summary Attendance Code totals by School, by period, by Month.

» **School Board Wide Assessment**

This view includes all the School/Board Wide Assessment

» **Transcript Substitutions**

Substitution transcripts for all students

» **Archive Achievement**

View containing archive achievement with the following columns:

School Year

School

School Short Name

Student name

Student number

Ministry Number

Class code

Class section

Teacher

Term

Topic/sub topic

Mark

Override

Comment

» **Archive Attendance Equivalent Full Day Totals**

A common view returning equivalent full day attendance values from archive attendance

» **Classes Ontario Base**

New base view for classes Ontario views for both current and scheduling

» **Codes Standardization**

A view to be used for the analysis of possible issues during the centralization of codes.

» **Connect Ed Student ON**

Report needs to include the following data:

School Short Name

OEN

Student Status

Surname

Usual Name

Con Ed Student Type

Home School - Short name

Home School Attendance Type

Home School SAL Attendance Type

» **Current Student Status**

Please create a view that returns: Only Current students - all statuses. TY and NY, TY Only, NY Only and deleted. School name, OEN, Student Surname, Student Given Name, Gender, Grade and MW student status in text i.e. This Year and Next Year, This Year Only etc.

» **French Immersion Report All ON**

New base view for French Immersion Report which only excludes past students

» **Grade 9 Math Ontario**

Math View Contains these fields in this order... School Name, OEN, Surname, Usual Name, Current Grade, Grade 6 EQAO Reading, Grade 6 EQAO Math, Grade 9 Math Course (MFM1P or MPM1D), Grade 9 Math Final Mark, Grade 9 EQAO Math, Literacy Status, IEP (Yes/No), IEP with: field, Support Services, Exceptionality 1. Use IEP, IEP with: fields for MW 5.5

» **SAL Students ON**

Please create a SAL data mining view the includes the following fields in this order: School, OEN, MW Status title, Student's Surname, Student's Usual name, Date of Birth, current Age, Grade, FTE, SAL Attendance Type title, SAL Status (ie 1st school year in SAL), SAL Start Date, SAL End Date, SAL Exit Type, SAL Plan Components Title, SAL Components Start Date, SAL Components End Date.

» **Secondary Class Attendance ON**

Secondary attendance report - includes students active to end of semester. The report is set to display semester 1 and 2 but I would want to be able to run it for either a single semester or for the year.

» **Special Ed Student Exceptionalities**

Student's Exceptionalities

» **Student Custom Fields**

Add common view to return all custom list and text fields for all students

» **Student Homerooms**

Would it be possible to create a view that includes the student OEN, Next Year's Homeroom Designation and Next Year's Homeroom Teacher? We would like to create a lookup for parents of elementary students where the parent can enter the student's OEN and they would know the student's homeroom and teacher for the upcoming school year.

» **Student SHSM ON**

Please provide a sql View script to list SHSM data from Maplewood Enterprise as attached template.

» **Student Transportation List ON**

Please help to develop a new view of all student list for Transportation use.

» **Transcript Substitutions Current ON**

Substitution transcripts for current students only

» **Classes Ontario**

No Description

» **Classes Ontario Scheduling**

Create a view identical to Classes Ontario but for scheduling classes. Containing...School Name, Mident Number, Class_Code, Section_Letter, Course Title, Department, Semester/Term Pattern, Period Pattern, Type of Course, Dual Credit Course Type, Dual Credit Assoc. Type, Delivery, Credit Value, Language, Reportable Flag, Teacher Surname, Teacher Given Name, Alternate Teacher Surname, Alternate Teacher Given Name, Occupany

» **French Immersion Report ON**

New view required with french immersion information. View should include,

Student Name (Surname, Given name)
